## LAUNCH MOVE FOR LASTING PEACE

### World's Court Congress Plans an International Court of Justice

Cleveland, May 12.—With the opening here this afternoon of the World's Court Congress, a movement was formally launched which its advocates claim is the greatest advance yet taken toward lasting peace among the world powers.

Prominent men from all over the country, including William H. Taft, Alton B. Parker and Henry Claws, were present, giving assurances. Mayor Newton D. Baker said in his welcoming address, that the movement "is not visionary nor impracticable."

The congress plans an international court of justice founded on an agreement to which all the great powers would be signatory. All signatory nations would submit their disputes to the court. One not so doing would be subjected to the combined pressure of the others. Each speaker at the opening session dwelt on the stable character of the congress plan.

## MOTHER'S DAY

Sunday, May 9th was commemorated in honor of our Mothers by the New Liberty M. P. Church and Sunday school.

A large crowd was in attendance, several from a distance being present.

In the forenoon the Sunday school rendered a very appropriate program which was followed by responsive talks honoring our Mothers with praises for the living and eulogies for the dead.

The writer especially wishes to commend the young men and young ladies of the neighborhood for their efforts in readings.

When the noon hour arrived the mothers of the community showed their appreciation with as tempting and bountiful a dinner as was ever spread, which was fully appreciated by all.

At 2:30 Rev. Combs preached one of his old time sermons that reached the hearts of all present.

At the closing hour all departed feeling that they had not only received a temporal feast, but also a Feast of God's Love so indelibly stamped in their hearts and minds that it will never be forgotten.

## WAR SUMMARY

The Russians in Flanders and West Galicia are recovering from their recent reverses and are taking the offensive. The Austrians have been driven back along a front of 40 miles and they have captured a number of prisoners. They have also made gains against the Germans in the Baltic provinces.

On the Galipoli peninsula and in the Dardanelles heavy fighting is reported. The French and English have made advances during the week. The fleet is bombarding the forts in the narrows.

The Germans continue their attack on the British east of Ypres and the slaughter on both sides has been heavy. The British are holding their ground.

The Russians in most sections are still on the defensive and unless the German-Austrian forces can be checked Przemysl may be re-taken.

## MONETT STIRRED UP

Rev. Jerry Jeter, a true southern gentleman from Virginia, is making a big stir in Monett, in a big tabernacle revival meeting.

The meeting was begun by Walt Holcomb, of Tennessee, the first of February. He was succeeded after two weeks by Mr. Jeter, who has preached continuously ever since with increasing interest.

After Mr. Holcomb left the meeting, which had been held in the Elks Auditorium, was transferred to the M. E. Church, South. Mr. Jeter's popularity increased and the crowds could not be accommodated. The citizens of Monett then built a tabernacle which will seat two thousand people and some nights it is filled to overflowing. Mr. Jeter so aroused the people to their duty that a movement to purify the city life was started and a local option campaign is now on in full force.

People from the surrounding country and towns are flocking in to help in the great work and enjoy Jerry's fine wit and strong sermons.

Stay for the concert at the Elks Humbug Circus, Monday night, May 17; hear Viv. Kreyer's orchestra, singing, dancing, etc. You'll get your money's worth. 11.
